PROCEDURES

All teams must use the locker room assigned to them during check-in. To check out keys to the locker rooms, a government-issued ID must be submitted to the security counter at check-in.

It is the team managers/representatives responsibility to ensure that the locker room is clean (no trash/tape/food or drink on the floor) before vacating the locker room after each game. The team manager/representative is responsible for all damage done to the locker room, equipment in the locker or the facility. Locker room keys must be returned to the security counter promptly after the team vacates the room.

Each team/team manager is responsible for the safeguarding of all team items in the locker rooms. Toyota Sports Center and the tournament assumes no liability or responsibility for any theft or damage.

All team representatives are responsible for checking the "information" desk for any schedule changes, suspensions and other important information. All tournament results, point totals and final game schedules will be posted on the tournament score/standing board upstairs beside the "information" desk (across from the security office).

NOTE: ALL PLAYERS MUST REMAIN OFF THE ICE SURFACE UNTIL THE ZAMBONI DOORS HAVE BEEN COMPLETELY CLOSED AND ON-ICE OFFICIALS ARE PRESENT.

Each team (2008 and younger) is responsible to provide its own penalty box monitor or attendant. The tournament prohibits the use of any photographic/video/electronic equipment in the penalty box and/or game bench; only pre-approved tournament officials will be permitted such use.

Game scores will be posted on the tournaments Web site: www.tinseltownhockeytournaments.com. **Hard copies of the scoresheets must be picked up at the "check-in/information" desk immediately following each game.**

Before each game, all coaches must sign the blank draft copy of the scoresheet after verifying that only players listed on the official USA Hockey roster are present; players absent must be crossed off.

NUMBER OF GAMES

Each 2009-and-older team is guaranteed 5 (five) games for the tournament; the fifth game will be either a championship game or a consolation game.

The number and length of the 2010 and 2011 (half ice) games will be determined by the number of teams participating.

GAME PLAY

All 2008 and 2009 games will consist of three, 13-minute stop time periods. All

2007-and-older games will consist of three, 15-minute stop time periods.

There will be 3-minute warmups before each game.

All teams must be available and prepared to start their games up to 30 minutes prior to the scheduled start time listed in the official tournament schedule.

Outside of the 2010 and 2011 divisions, all games will be stop time. If during the course of any game either team has a seven- (7) goal advantage, the game clock will change to "running time" for the duration of the game without regard as to which period in which the seven- (7) goal advantage occurs. Once a "running time" clock is instituted in a game, the clock will only be stopped if the referee instructs the timekeeper to do so. Furthermore, "running time" will remain in effect for all of the remaining time in the game even if the losing team at the time scores goals to decrease the original seven- (7) goal deficit.

If at the commencement of the third period there is 20 minutes or less remaining in the scheduled time slot, the last 10 minutes of the period will be played as running time at the discretion of the game officials.

No team will be required to play more than two (2) games per day. There will be a minimum of four (4) hours between games on one day and a minimum of 12 hours between games on consecutive days (time to be calculated from the end of game to the beginning of the next game). No games will be scheduled to begin before 7:30 a.m. or end after 10 p.m.

An ice cut will be made at the beginning of each game.

Each team may call 1 (one) timeout during each game that will be no more than 30 seconds in length. A timeout can only be called during a stoppage of play. Unused timeouts may not be carried over to other games.

Only four (4) coaches other than dressed players are allowed on each team bench. Only coaches listed on the tournament application and team roster and holding the appropriate coaching certification level and module are permitted on the game bench. The use of non-rostered coaches and/or players may result in the forfeiture of the game.

TIEBREAKER PROCEDURES

All games will be played to a winner. In pool-play and consolation games, if the game is tied after regulation play there will be a five-(5) minute, 3-on-3 sudden-death overtime period. If the game is still tied after the overtime period, the game will proceed to a three-man shootout. If the game is still tied after the shootout, it will then proceed to a sudden-death shootout.

In case of the semifinal and championship games, the game will continue to play one 5-on-5 sudden-death overtime period (15-minute for 2007-and-older divisions; 13-minute for 2008 and 2009) until a winner is declared. If the semifinal or championship game is still tied after the overtime period, the game will proceed to a three-man shootout. If the game is still tied after the shootout, it will then proceed to a sudden-death shootout.

And Mite Open (2010-11) semifinal or championship game will proceed directly to a 3-man shootout. All other pool games will end in a draw.

Each team will select three shooters and a goaltender from their roster. Shooters will alternate taking penalty shots at the opponent's goaltender. The team with the most goals after three shots will be declared the winner. If still tied, the shootout will continue using an additional skater from each team until a winner is declared. Teams must use all of the skaters on their roster before any of the previous chosen skaters are eligible to shoot again. Each team will take the same number of shots.

Division standings will be determined by points: Zero (0) points for a loss in regulation; one (1) point for a loss in overtime or shootout; two (2) points for an overtime win or shootout; and three (3) points for a win in regulation.

The maximum goal differential that will be recorded for all games is seven (7). Meaning if a team wins by an actual score of 10-2, that game will be recorded with a final score of 9-2, reflecting the seven-goal maximum differential.

A forfeited game will be officially recorded as a 0-7 loss for the team declaring the forfeit. The opposing team will be credited with a win and receive three (3) points in the tournament standings.

If two or more teams have an equal number of points, their position in the standings will be determined by the following tiebreaking format:

If one tiebreaker establishes a position for one or more teams, each team is placed in the applicable position. Once a team is placed, the remaining tied teams shall start the tiebreaking process over again at Step 1 *(If all tied teams have not played each other, then proceed to Step 2. Note: a team may go into the tiebreaking process having defeated another of the tied teams and still not advance)*:

1) The results of the head-to-head games played between the tied teams in the following order:

- a) Standings - Most Points
- b) Most Regulation Wins
- c) Most Total Wins (regulation and overtime)
- d) Best goals-for and goals-against differential total from these games played applies if three or more teams are tied
- e) If the teams are still tied, the team with the lowest goals against will place higher in these games
- f) If the teams are still tied the team, with the fewest penalty minutes places higher in these games

- a) Most Regulation Wins
